1 Fags like u/cbskip will totally propose following the law during a literal revolution.

Tell me, glowie, how did the 1776 revolution start at Lexington and Concord?

That's right, an act of *gun control*. If the colonists had abided by the Crowns gun laws, you'd be drinking tea and wearing a Union Jack buttplug.

People like you, who think a corrupt and tyrannical government can be overthrown by abiding by said corrupt government's tyrannical laws, are literally the *stupidest* kind of people.

You are a sheep. And a castrated sheep at that. Larping at being a Patriot is the most pathetic form of Larp.

Keep hitting refresh here and authoring dipshit comments like this. You are doing a *metric fuckton* this fight for sure. You'd be more comfortable on r/conservative jerking your shriveled balls to "we'll win in 2022 for sure!"

\$1000 says you won't even show up to DC, because you are a "reap the benefits of the work of others kind of person"

And there it is folks.

This person is such a "patriot" that they plan to point and laugh as we are hauled away by fascists in the name of Liberty.

You, are a turncoat piece of garbage. And a bleating coward.

(Post script: when calling others "morons" make sure you know the difference between "your" and "you're")

Well, since you'll be unarmed, the odds of me getting to laugh while Antifa stomps your face in are much better.

Never said I was going to be unarmed. My og statement which you cried like a bitch at was to know the laws. And your big brain came to many false conclusions. Your a fucking idiot and it shows. So go fuck yourself and your new TD account.
